Description

Large plot of land with 6.906 sqm for construction of villa overlooking the mountains and the sea on the outskirts of Loulé.

This lot has previously had an approved project for the construction of a 3 bedroom single villa+ office, with a total area of 300 sqm.

The project included a contemporary-style villa, in which a mixture of finishes and materials such as glass, stone and wood would be used.

So that the villa had a cozy style and so that the interior would merge with the exterior, with large spaces and allow to make the most of the natural light and enjoy the surrounding natural landscape.

In addition, the project combined the existing construction with the new construction, thus reflecting part of the original house.

Inside, the project consisted of 3 bedrooms en suite with closet, office, living and dining room, kitchen, pantry and common toilet.

While outside there would be ample leisure space with private pool and large landscaped gardens.

However, currently this project is already expired.

But you can be inspired by this project and create your own project to suit your needs.

Located on a hillside and with solar orientation to the Southwest, just 5 minutes from the center of [Loulé](#).

As well as 10 minutes from [Almancil](#) and 20 minutes from Faro International Airport.

So nearby you will have access to a wide range of essential trade and services.

If you wish you can purchase this lot and hire our project management services.

We have several partners in all areas to provide a complete service and fully adjusted to the needs of each client.
